# BRYAN
WALKER

UX DESIGNER & TECHNOLOGIST

I care about the way people experience technology. Through research, design and prototyping I work to create interactions and experiences that favor simplicity over cleverness.

WORK EXPERIENCE

Present

UX TECHNOLOGIST
at LibreDigital / RRD   ⚲ Austin

Leading experience design strategy, interaction design and user research for flagship product. Design, prototype and implement using lean strategies for quick, meaningful improvements to our SaaS products.

Built and maintain interaction design library and style guide. Revised user personas that were obsolete. Assisted in company and product re-branding and lead incorporating that visual language into our product design.

Developed final UI implementation (after proof-of-concepts, stakeholder presentations and customer feedback validation) for most designs (JSP/HTML/CSS/JS)

Began and maintained design documentation, UI and pattern taxonomies. Visual + Interaction design for new UI features. Conducted user and stakeholder research to refine our experience design goals and align them with the Product roadmap.

2006 - 2014

SENIOR DESIGN TECHNOLOGIST
at frog   ⚲ Austin

Designed, developed and implemented UIs on a multitude of platforms (WPF, Silverlight, WP7, Flash, PhoneGap, BREW UIOne, HTML/5 + CSS/3, Irrlicht). Created UX simulations, prototypes and production-ready control libraries. Scoped project timelines, estimated level of effort for development and design implementation, assisted in writing SOWs.

2005 - 2006

WEB DEVELOPER
at The Knot   ⚲ Austin

Maintained and expanded HTML/CSS templates used by The Knot and sibling sites. Prototyped and developed feature pages (HTML, CSS, JS, Flash) like the engagement ring configurator.

2004 - 2005

WEB DESIGNER & DEVELOPER
at Galaxy Scientific   ⚲ San Antonio

Designed and built a classroom-based education system in Flash that served media-rich curriculum in our own custom format.

EDUCATION
